

## PUBLIC NOTICE

VLS PIEDMONT, LLC (dba VLS RECOVERY SERVICES)  
305 SOUTH MAIN STREET  
MAULDIN, SOUTH CAROLINA

The South Carolina Department of Health and Environmental Control (DHEC) has received a request from VLS Piedmont, LLC for a modification to their Class 3 solid waste processing facility. The proposed modifications include the addition of a slurry system to process dusty solids, primarily carbon black, and an increase in permitted annual capacity from 90,000 tons per year to 150,000 tons per year.

At this time, the Solid Waste Permitting & Monitoring Section has completed its review of the permit application and found that the application meets all technical requirements. Solid Waste Permitting & Monitoring has completed a draft permit and hereby give notice to the public. During the public comment period the Department will be taking comments concerning the draft permit and/or the permit application. The comment period will remain open until September 12, 2016.

The regulations and other information on solid waste processing requirements can be viewed on DHEC's Website at:

<http://www.scdhec.gov/Agency/RegulationsAndUpdates/LawsAndRegulations/LWM/>

A copy of the application may be viewed on DHEC's Website at:

<http://www.scdhec.gov/PublicNotices/>

Please bring this notice to the attention of persons you know who may be interested in this matter. Where there is significant public interest, DHEC may hold a public meeting or hearing to explain the permitting process and receive additional comments. Written comments or requests for a public hearing may be submitted through Monday **September 12, 2016**, to the DHEC contact listed below. All comments received will be considered before a final permit is issued.
